COUNTY OFFICIAL PAPER

VOL. 33

DAILY EAST OREGONIAN, PENDLETON, OREGON, TUESDAY EVENING, NOVEMBER 15, 1921.

NO. 9981

ENGLAND AND JAPAN ANNOUNCE THEY ACCEPT HUGHES ISARAMAMENT PLAN "IN PRINCIPLE AND IN SPIRIT"

PACKING COMPANY EMPLOYEES COMBAT IN STREET RIOTS

Between 50 and 75 Persons Injured as Climax to Two Weeks of Packing Strike.

STRIKERS DEMAND THEIR UNION BE RECOGNIZED

Adjutant Lasher is Holding State Troops in Readiness Should Situation Get Worse.

OTTUMWA, Iowa, Nov. 15.—(U. P.)—Between 50 and 75 persons were injured when fierce street riots climaxed a two weeks' strike of packing company employees.

EVANGELIST HENSHAW GIVES STRONG SERMON

(By W. A. Gressman.)
At the First Christian church last night, Evangelist Henshaw delivered a clear, straight-forward expository sermon, showing by the Bible the answer to his subject: "What is Christian Baptism?"

More than this, Mr. Henshaw showed that baptism represents also a birth (John 3:7), as well as death, burial and resurrection (Rom. 6:3, 4); also a planting (Rom. 6:5) and a washing (Eph. 5:26). Baptism also requires much water (John 3:23), a going down into and a coming up out of the water (Ac. 8:38, 39; Matt. 3:16).

"We need to apply the 'golden rule' to the relationship between God and ourselves, as well as between man and man," said Mr. Henshaw. "This statement was in reference to baptism being a teaching of God, and as such, we are under obligation to obey."

Mr. and Mrs. Curtis sang a most pleasing duet. This evening at 7:30 sharp will begin the lively song service led by Mr. Curtis. The sermon by Mr. Henshaw will be on "The New Testament Church." Questions are always welcome for the "question box." Mr. Henshaw gives some excellent Scripture teaching by way of these questions.

The correspondents from Nippon were first on the ground, and early counts indicated they would be the strongest in force of the foreign reporters. Especially have they been impressed with the democratic and friendly greeting which this government has extended to the foreign press. They were presented to President Harding and Secretary of State Hughes in the regular newspaper conferences with these government leaders. This is strange business to Japanese, where the emperor is divinely exclusive.

THE WEATHER

Reported by Major Lee Moorhouse, weather observer.
Maximum 59.

TODAY'S FORECAST

Tonight and Wed. fair.

ONE KISS FOCH DIDN'T GET.

Christy Luella Kissling, five, refused a kiss from Marshal Foch—yes—the world's most noted general, after she had presented him with flowers at Chicago. Here she is dashing away as Foch stoops to kiss her!

WILL ASK THAT FEDERAL MONEY BE USED ON GRANT COUNTY ROAD INSTEAD OF ON WALLULA CUTOFF

Vigorous Action Planned by County Court and Citizens to Serve County's Need.

Umatilla county will make formal request that money from the federal post road fund and the federal forest road fund be used in construction of north and south highway between Umatilla and Grant counties.

In the meantime vigorous action is planned to offset the work of a small group in Portland who wish to see federal money used in the construction of the Wallula cutoff. As a part of the program underway wires were sent to Portland yesterday asking a Portland delegation to visit the scene of the Wallula road before asking its construction and that Umatilla county people be given a hearing in Portland before the Portland Chamber takes any further action on the subject.

The whole subject was discussed at length yesterday afternoon at a gathering including Judge I. M. Schanney, Roadmaster Shannon, the board of managers of the Commercial Association and other business men. It was the consensus of opinion that it would be absurd for anyone to ask post road or forest road money for the Wallula cutoff. However positive evidence was brought from Portland recently that a committee in the Portland chamber proposes to do this very thing.

It is contended that post road money or forest road money could much more properly be used on the Grant county road than on the needless Wallula cutoff, which is of no interest to Eastern Oregon.

Judge Schanney announced that immediate requests will be made for money from federal funds for the Grant county road. At the same time efforts will be made to show that in many respects a connecting road from Helix to Touchet, Washington would be preferable to the Wallula cutoff and that Umatilla county is prepared to build this road without expense to the state or federal government. A modern road is already completed from Pendleton to Helix and the road to Touchet would call for but a small mileage.

TOKIO, Nov. 15.—(U. P.)—The Japanese cabinet today continued its consideration of Secretary Hughes' program with official circles cautious in refraining from any comment. Popular feeling favored anything to reduce the government expense, and taxation, without sacrificing the national Dec. safety. A feeling is gaining ground, however, that the proportionate naval strength allowed Japan under the Hughes proposal should be increased. May

CARLOS W. BYRON FORFEITS BOND IN COURT TODAY

\$5,000 Bond is Forfeited in Federal Court When He Failed to Appear for His Trial.

INDICTED FOR ALLEGED MAIL FRAUD IN LAND DEAL

Arrested With Former Salem School Superintendent Who Appeared for Trial Today.

PORTLAND, Nov. 15.—(A. P.)—The five thousand dollar bond of Carlos W. Byron was forfeited in the federal court today when he failed to appear for trial with John W. Todd, former Salem school superintendent, with whom he was indicted for an alleged mail fraud land deal. Todd appeared for trial. His attorney is Charles Robinson, of Astoria.

MAY SHUT LINEUP
CORVALLIS, Nov. 15.—(U. P.)—Complete shifts in the Aggie lineup marked preparation for the annual clash with Oregon Saturday on Gell field. Captain Powell may be held in reserve, with other first string men on the sick list also remaining on the bench until the game has progressed. Kneibler or McKenna are mentioned for the quarter position. Miller's Kicking will earn him a place. Coach Huntington will probably start the same lineup he used against Washington State recently.

VOGEL EXPECTS WELL AT ATTALIA TO PAY WELL IN SHORT TIME

Peacock Sand Struck and Effort Centered Now in Getting Water Baled Out of Hole.

Enthusiastic confidence in the paying possibilities of the well of the Columbia Basin Oil Co., near Attalia, was expressed this morning by E. B. Vogel, president of the company. He was here for a few hours here. He was the guest of Charles Lehen, formerly of Helix, who is now living in Pendleton.

The well is down more than 2,100 feet, according to the statement of Mr. Vogel. Work at present is confined to getting the water out of the hole. A bailer is going constantly, and it will be run for two or three more days in an effort to determine whether the present quantity of water in the hole is water that has seeped down from above, or whether it is caused by a stream which exists just above the sand stratum. The drill is now in Peacock sand, according to the visitor.

"The column of water in that well now weighs about 16 tons," Mr. Vogel said this morning. "So it is easy enough to see that that much water might easily keep a real oil well covered. If we find that we can't get the water bailed out, we shall sink our casing again and then go down in the sand again."

Several geologists have examined the hole and the formations which have been struck. Mr. Vogel declares with the result that some of them have reported that they consider the field already in the paying class.

"Records made in bringing in wells after the good sand is reached make it plain that we may have to spend several weeks yet before we know definitely what we have. It is the usual thing to have to spend from 60 to 90 days working before a well can be brought in."

Excitement at Walla Walla is very much in evidence, the company officials report.

CASE AGAINST ROSE STOKES IS DISMISSED

KANSAS CITY, Nov. 15.—(U. P.)—The government's case against Rose Foster-Stokes, the noted millionaire socialist charged with utterances in violation of the espionage act during the war, were dismissed today.

TAXPAYERS MEETING UPHOLDS COMMITTEE ENDORSES THE BUDGET

At the taxpayers' meeting at the court house last evening under the auspices of the X-Club it was unanimously voted to endorse the city budget and also to support the septic tank measure on the ballot. Action on the septic tank was taken when the report of a taxpayers' committee, headed by Dr. I. U. Temple, was read. This report told of the conferences with the city officials, of the agreement by the latter not to buy the Richardson tract. The report is also favorable to the camp ground measure but with the proviso the camp ground be in the east end of the city and not in the west end near the septic tank.

H. J. Taylor, President.

When the meeting was called to order by H. J. Taylor in the absence of Judge J. A. Fee the court room was well filled. The session throughout was devoid of fireworks and the apparent sentiment of those present was to back up the work of the investigating committee. There was much informal discussion but the meeting was devoid of any rancor.

Two reports were read to the meeting. One was the report of the committee on the proposed septic tank, which was read by Dr. I. U. Temple, chairman, and in this report, the members of the committee set forth the findings of an investigating committee the site and the conditions under which the committee recommend that the club co-operate with the city council.

Give Budget Endorsement.
In the report of the taxpayers' committee, the septic tank proposal and the proposal to authorize the issuance of \$25,000 for the purchase and improvement of park properties were both commended.

Later, a discussion on the budget, asked for by the city council for the coming year, was held, and a motion, introduced by E. J. Murphy, formerly mayor of Portland, was passed that it was the sense of the meeting that it favor the budget. The vote was unanimously in favor of the motion. The passage of the motion was reciprocated by action of James Johns Jr., who asked if it would not be advisable for the meeting to go on record in regard to the budget, since two bond issues matters had been recommended.

When it was shown that the succeeding administrations have been inheriting an indebtedness of between \$10,000 and \$15,000, the remark was made by Mr. Johns that since the city is in debt, the extra amount asked for in the budget should be granted to it.

COMMANDER OF LOCAL LEGION POST IN NAME OF PENDLETON POST HEARTILY ENDORSES ANNUAL RED CROSS ROLL CALL

IF PLAN FAILS U. S. WILL STRAT BUILDING ADDITIONAL WARSHIPS

WASHINGTON, Nov. 15.—(U. P.)—Should the United States turn down the United States' proposal for armament limitation, members of congress are informed that this country proposes to add 14 first line ships to the 16 now partially built, and rush all to completion as soon as possible. A high official in President Harding's confidence gave this word.

"In the name of the Pendleton Post of the American Legion, I give to the 1921 annual Red Cross Roll Call my heartiest endorsement," said P. L. Tideman, commander of the local post, this morning.

"No words of mine can express the good the work that the Red Cross has done in the past, nor estimate its work in the future. Every Legion man is backing the organization."

Among the cases in which the Red Cross has aided not only the ex-soldier but his family is that of a Umatilla county man who during the war lost the total sight of one eye and the three-quarters sight in the other eye. Through the Red Cross, he is now attending a school for the blind in Baltimore, and his wife and two children are being cared for by the Umatilla county chapter. It is the dollars received in the membership drives that make this possible.

Rev. George L. Clark, head of the Pendleton drive, has announced the following precinct chairmen:

Rev. W. A. Gressman, north side district; J. V. Tallman, business district between Cottonwood and Willow streets; Rev. Alfred Lockwood will have that precinct east of Cottonwood between the river and the railroad; Rev. John H. Secor will have that between the river and the railroad, west of Willow; H. E. Inlow will have all the north side beyond the railroad east of Main street and Mrs. James Akey will have that precinct west of Main beyond the tracks on the south.

Members of the Pendleton committee which will assist in the various precincts are announced as follows by Rev. Clark:

Mrs. James Welch Mrs. S. Thompson Mrs. G. W. Phelps Mrs. W. J. Clark Mrs. J. E. McCook Mrs. H. C. Krehbiel Mrs. Herbert Thompson Mrs. L. L. Rogers Mrs. Willard Bond Mrs. M. S. Korn Mrs. L. M. Spaulding Mrs. Charles Brownlow Mrs. Fred Donert Mrs. H. S. Garfield Mrs. D. A. Peckler Mrs. J. Peckler Mrs. August Noren Mrs. C. P. Miller Mrs. A. M. Winn Mrs. D. E. Wallace Mrs. H. S. McKenzie Mrs. Wm. Dunn Mrs. J. Murphy Mrs. J. McConnell Mrs. C. Chaney Mrs. Frank Hayes Mrs. D. L. Johnson Mrs. Walter Jones Mrs. Annie Elliott Mrs. C. Cole Mrs. T. H. Hampton Mrs. Harry Benson Mrs. Ernest Temple Mrs. Grover Despain Mrs. Cecil Hampton Mrs. Otto Nelson Mrs. Omar Biesinger Mrs. Richard Mayberry Mrs. J. R. Bailey Mrs. J. Estes Mrs. Roger Kay Mrs. Joe N. Scott Mrs. Morgan Elder Mrs. W. R. Wyrick Mrs. J. T. Richardson Mrs. A. D. Bramwell Mrs. Claire Edwards Mrs. Sam Nelson and Mrs. H. N. Elder.

CATTLE MARKET STEADY.
PORTLAND, Nov. 15.—(A. P.)—Cattle are steady. Hogs are 25 to 50 cents lower, prime light \$8.25 to \$8.75. Sheep are quiet. Eggs are steady. Butter is weak.

REPUBLICAN MOVE BLOCKED.
WASHINGTON, Nov. 15.—(U. P.)—A democratic filibuster today blocked the republican move to clear Senate of Newberry of charges of election fraud.

DAILY EDITION

The East Oregonian is Eastern Oregon's greatest newspaper and as a selling force gives to the advertiser over twice the guaranteed paid circulation in Pendleton and Umatilla county of any other newspaper.

COUNTY OFFICIAL PAPER

OPEN SESSIONS GIVE WAY TO SECRET TALK

Balfour Declares Reduction Plan of Hughes 'Reasonable Acceptable' to His Nation.

COMPLIMENT PAID HUGHES BY ENGLISH SPOKESMAN

Briton Says America is Not Open to Dangers That Confront Great Britain.

WASHINGTON, Nov. 15.—(U. P.)—Great Britain agrees "in spirit and principle" with America's sweeping program of armament limitation, Arthur J. Balfour stated officially before the arms conference today. A loud applause greeted this statement. America and Britain are profoundly interested in naval matters "not from ambition, but from necessity," he said. The United States stands impregnable, doubly protected and wholly immune from the perils which menace the British empire, but even so, Britain agrees with America's spirit shown in Secretary Hughes' speech, Balfour declared Britain regards the armament limitation as "reasonably acceptable."

Balfour opened his speech by paying a high compliment to Secretary Hughes' statesmanship. He spoke extemporaneously with only a few notes before him. "America has added a new anniversary to her calendar," he said. "November 12 will be marked by the world's gratification almost as much as November 11—armistice day." Balfour caused a laugh when he said Hughes' big secret "was perfectly kept up to the time he uttered the memorable words that have found an echo in every part of the world."

Those hearing them, Balfour said, felt that "a new chapter in the world history had opened."

WASHINGTON, Nov. 15.—(U. P.)—British representatives are reported working out a substitute for the Anglo-Japanese alliance. The details are withheld and it is unknown whether the British contemplate the suggestion of a triple bond of Britain, Japan and the United States.

Japan Also Accepts.
WASHINGTON, Nov. 15.—(A. P.)—Great Britain's acceptance in principle and spirit of the American proposals for limitation of naval armament formally was laid before the arms conference today by Arthur J. Balfour, heading the British delegation.

Baron Admiral Kato's statement of acceptance in the same sense for Japan followed. Before hearing the statements the conference adopted the plan worked out by the big five for two "committees of the whole," one to consider armament and the other to consider the far eastern question. This will remove the real work of negotiation from the open sessions to the executive confines of committee rooms.

French Discuss Plan.
PARIS, Nov. 15.—(U. P.)—The national defense superior council met with President Millerand today to discuss the Washington arms conference. Minister of War Barthou and Minister of Marine Goussin both attended.

Opposes Submarines.
WASHINGTON, Nov. 15.—(U. P.)—Arthur Balfour, speaking for Great Britain, today assailed allotment of tonnage for submarines, and declared tonnage of any nation's navy should be more than any nation possesses and also suggested the conference should consider the advisability of preventing construction of these large submarines not intended for defense, but whose whole purpose is attack, which only serve to add to wars and horrors.

Balfour pointed out how limitation plans would reduce taxes, stimulate industry and relieve burdened governments, but "there is something in a scheme beyond mere numbers, that goes to the root of the highest national morality." "This scheme makes idealism practical. It catches the dreams that poets have wrote before the world for centuries."

The Japanese Position
WASHINGTON, Nov. 15.—(U. P.)—"Japan never has nor does not now desire a navy equal to those of the United States or England," Admiral Kato, speaking for Japan, declared. "We want only armaments essential to defense."

Reservations Suggested.
WASHINGTON, Nov. 15.—(U. P.)—Balfour suggested only two reservations, submarines and naval armaments.

(Continued on page 5.)
